Dear Heather,

We would like to congratulate the Calgary TELUS Convention Centre for winning a 2007 Prime Site Award.

Our Prime Site Awards are based on the opinions of those in the industry directly involved with site selection – association executives, meeting planners and trade show managers. Any facility receiving the necessary number of votes is named an award winner.

By winning a Prime Site Award, it is obvious that your staff does a fine job of serving your event clientele. Once again, congratulations!

Sincerely, 

Timothy Herrick
