

WELCOME TO THE NEIGHBOURHOOD AT THE CENTRE OF IT ALL.

Providing a full experience to your valued team and guests is definitely a requirement for hosting a great meeting or event. Your space, audio/visual and catering needs are lined up, but what about that bit of something extra? What can you do to really send things over the top for a truly memorable experience? Let us show you what we can do for you.

As the cornerstone of Calgary's Convention scene, the Calgary TELUS Convention Centre (CTCC) is at the centre of a truly great experience. Not only are we home to innovative spaces and collaborative services; we are directly connected to over 1,100 hotel rooms at the Calgary Marriot Downtown, the Fairmont Palliser, the Hyatt Regency Calgary and other beautiful boutique accommodations.

For a bit of post-meeting cultural engagement, explore Calgary's own Glenbow Museum, located within CTCC's south building. Alternatively your team can take in live theatre or a philharmonic performance across the street at the Arts Commons.

For the foodies, CTCC serves some of the best food in the city, and we also connect you to vibrant downtown eateries. Whether it's a pre-meeting breakfast at the Blue Vinny, dinner at Teatro, Centini or SALTNIK, an afternoon caffeine fix at Rosso or Phil & Sebastian, or post-event beverages at The Wednesday Room, there's a little something for everyone's taste.

With hundreds of shops only a short walk away, your team will find just about everything they're looking for. From high-end fashion at Holt Renfrew, to books and toys for your kids, you'll have your retail therapy covered.

And for those that simply need a bit of peace and quiet amongst the trees, we are proud to be situated just a few steps from Olympic Plaza. Take in the sunshine, sights and sounds of the city during the summer, or enjoy the quaint outdoor skating rink in the colder months.

Connecting to the rest of Calgary's city centre is easy and convenient. As a hub of the city's indoor +15 elevated walkway, you won't need to brave the outdoor weather in winter to get around the downtown core. Furthermore, there are over 5,000 nearby parking spaces, and for those taking public transportation, the C-Train stops right outside our front door.

Hosting your team's critical meeting or important celebration isn't just about the space you're in, it's about the full experience and the bigger area. From great shopping, exceptional coffee to peaceful outdoor spaces, CTCC makes Calgary's Convention scene your local destination for that perfect memorable and complete experience.
