

# MAKE YOUR HOLIDAY EVENT AN EXPERIENCE TO REMEMBER.

For many people October is a month to pause. It's sandwiched between the busy time of back-to-school and the start of corporate planning. School's in session, summer holidays are finished and everyone seems to be back into the full swing of things. It's a time to focus and to catch your breath. Unless you're the one responsible for this year's company holiday event...

While it may seem early to start thinking about the festive season, your holiday event is actually just around the corner. Companies should be getting ready to celebrate together and to wrap up a hard-worked year. Will your celebration be one worth sharing... filled with joy, happiness and a strong festive spirit? Or will it be more Scrooge-like, soon to be done and forgotten?

You've made a list of all of the important things needed for your holiday event, and you've checked it twice. Now you're looking for the right partner who's less naughty and more nice.

In this case, it's the one who will help you bring it all together to create a holiday event worth remembering.

Located at the Centre of it all in Calgary's vibrant downtown core, the Calgary TELUS Convention Centre (CTCC) combines the passion of our people with the expertise of hundreds of holiday events to help you create an amazing and memorable experience.

Whether you've got a small team or a large corporate workforce, this season let us leverage our knowledge and the amazing efforts of our food service and entertainment partners to bring your event to life.

Consider it our gift to you.
